

Sinclair
Broadcasting is
proposing an
outrageous misuse of
the public airwaves.

Sinclair shoould use
the public resource
they have been
granted in the
public interest.
They have decided,
clearly, to use that
resource purely for
corporate enrichment
and partisan
mischief. Surely,
this is against the
intent of the law
and your own
regulations!

Sinclair should be
prevented from
broadcasting
political attacks
that name specific
presidential
candidates close to
an election. They
should further be
disallowed as
servants of the
public trust, and
their broadcast
licenses revoked at
the next license
renewal.

Thank you.
